Adoption Contract

PLEASE READ CAREFULLY BEFORE SIGNING
Post Adoption Requirements

1. If you adopt a puppy or a kitten, you are required to sterilize him or her by six months of age. Adult dogs that are not spayed / neutered when adopted are required to be sterilized within 2 weeks of adoption approval and placement. Initials
2. Owner is required to submit veterinarian-supplied Spay/Neuter Certificate or copy of receipt for animal within 10 days of animal surgery.
3. If adopting a cat or dog from Pet Helpers Incorporated, you will keep him/her indoors other than normal bathroom and play time. The safest place for a cat is indoors only and we would prefer you keep the cat you adopt from us as an indoor only pet.
4. If adopting a dog, you will abide by your area leash law.
5. You are required to return the animal to us if you feel you cannot keep him/her. You must not sell the animal or give it to anyone else. Initials
6. You are responsible for providing proper shelter, food, water, exercise, medical care and humane treatment at all times for your companion animal.
7. Pet Helpers has the right to retrieve ownership of the pet at any time if they feel that this dog is in any kind of an abusive situation, not being fed, watered, not being taking to the Veterinarian for annual shots and exam, needing Veterinarian care that is not being given, being kept as a outside pet or engaging in any kind of behavior that will harm the pet. Initials
8. I understand that Pet Helpers reserves the right to do a home visit Initials

Final Note :

Owning an animal is a huge responsibility. This animal could live as long as 15-20 years. Veterinarian bills will not be cheap. Spay/neuter can be costly. Before adopting, you must carefully think this through and realize the commitment you are making. Animals are not disposable.

When you adopt, you are agreeing to make them a part of your family for life. What are you willing to do, to make accommodations for your pet in the future. Moving is not a good excuse for dumping your pet. You must consider not only the cost of feeding, care, medical expenses, but the vast amount of time and training required to make your pet an acceptable companion. If you have the slightest inclination that this animal will end up in an animal shelter or chained to a doghouse at some point in the future, do not adopt. Do not adopt any animal on a whim. Be especially cautious when adopting at holiday time. Make sure that you are making a commitment, not just purchasing a gift. Please make a responsible decision " to be a responsible pet owner.

I certify that the information given on this application is true and correct. If I am approved by Pet Helpers Incorporated I agree to all the above requirements and below. I understand that failure to comply with any of the requirements will result in confiscation of adopted animal.

Our adoption fee for mixed breed puppies and adults dogs is \$150. The adoption fee for full blooded puppies and adult dogs is \$225. Cat adoptions are \$50. Senior dogs are negotiable (8 and over). Regardless if the dog is a mixed breed or full blooded they are spayed/neutered prior to adoption IF they are old enough. If they are too young at the time of adoption, then it is your financial responsibility to spay/neuter the pet by the age of 6 months and you must provide proof for our files that it has been done. Same rules apply to cats. All of our pets are checked by a vet, given the shots appropriate for their age and any other treatment deemed necessary by the vet. All of our pets are adopted as indoor pets and are not to be outdoors tied to a box 24/7. We are a foster based rescue and do not have a facility. The pet you are adopting has been living in a home with a foster family. You are expected to take possession of the pet you are applying for within a few days of application approval, which will enable us to accept another pet into that home. Because we are a rescue, and believe that spaying and neutering is crucial in stopping the reproduction of unwanted puppies and massive amounts of dogs dying daily in shelters across the country, we expect any dogs already in your home to be spayed and neutered.
